On the contrary, they prove of special service to those who have used calomel and other mineral poisons as medicines, and feel their injurious effects. In such cases Ayer's Pills are invaluable.

—It is well known that the inhabitants of many Eastern nations shield themselves against infectious disorders by wearing Aromatic Gums on the pit of the stomach. Their instincts are right, for strong permanent odors are antagonistic to the living germs which cause disease. For this reason Allcock's Porous Plasters, being composed of fragrant aromatic gums, are the best safeguard to wear on the pit of the stomach in Cholera time or in localities where sewer gas and malaria are found. They not only prevent infection, but will cure diarrhoea, dysentery, cholera and bowel complaints.

FOUND—A Masonic sleeve button. The owner can have it by proving property and paying for this advertisement.

## THE CALIFORNIA SCRIBES.

THEY PAY CARSON A FLYING VISIT.

Last Night's Concert and

Yesterday afternoon the excursion party of California journalists came down from the Lake about fifty strong. They were met at the foot of the grade by the newspaper editors of Carson who guided them along the serpentine highway into town.

They disembarked at the various hotels, partook of a good supper, and made preparations for

### THE DANCE.

In the evening the citizens of Carson tendered the journalists a reception and ball. A number of interesting ladies accompanied the visiting journalists, and they were in large demand during the evening. It was an informal affair all around and the Californians proved a jolly and agreeable crowd.

The Carson people joined in the general good feeling, and everybody voted the affair a success.

The visitors will remain in Carson today; visit the State Prison to see the foot prints, take a spin out to the Hot Springs and otherwise enjoy themselves. Tonight they will give a free concert. Some of the best voices on the Coast are with them and it promises to be a musical treat. The following compose the party:

President Wm. H. Barnes and wife, Secretary L. P. McCarty and wife, Robert White and wife, J. W. Rourke, wife and daughter, Wm. T. Gallaway, J. A. Filcher, J. P. Bogardus, O. A. Dearing and wife, Jos. Winterburn, wife and daughter, Carl Leichter and wife, Fred Hess and wife, C. Newman and daughter, M. Shannon, wife and daughter, T. K. Phillips, W. H. H. Tobey and wife, Walter N. Brunt, John G. Iles, E. J. Wickson and wife, G. G. Burnett and wife, T. J. Duffy, C. Buntsehu and wife, Thomas Houseworth, W. R. Radcliffe, J. S. Menasco and wife, C. W. Waldron, Watson W. Toppin, Miss Alice Dyer, Jos. N. H. Irwin, Dr. M. H. Logan, Miss Genevieve Green, A. M. Benham and wife.

They represent the following papers: Weekly Call, Mountain Messenger, Daily Journal of Commerce, Placer Herald, Daily Figaro, Pacific Printer, California Staats Zeitung, Daily California Demokrat, Commercial Herald, Fraternal Record, Pacific Churchman, Golden West, Millman and Mechanic, Pacific Rural Press, Architect and Builder, New Age, New York Music Trade Circular, Weekly German Demokrat, The Pajaronian, Santa Cruz Sentinel, Weekly Journal of Commerce, Daily Call, The West End, Colusa Sun, Postal Index, Annual Statistician.

### Election of Officers.

The Press Association of California held its annual meeting at the Arlington House last evening to elect officers for the ensuing year, with the following result:

W. H. Barnes, President; J. P. Bogardus, 1st Vice-President; F. Hess, 2nd Vice-President; E. J. Wickson, Recording Secretary; L. P. McCarty, Corresponding Secretary; L. P. McCarty, Recording Secretary and Historian; Mrs. B. C. Brier, (of Sacramento) Corresponding Secretary; Joseph Winterburn, Treasurer. E. J. Wickson, W. H. H. Tobey and O. A. Dearing were elected Executive Committee.

After election the Press Association adjourned, and went in a body to attend the reception tendered them by the citizens of Carson at the Opera House.

### Interesting Lectures.

Prof. McDonald is delivering a course of exceedingly interesting lectures to crowded houses. From nine o'clock in the morning until six in the evening he is kept busy giving phenological examinations at the ante-room of the Opera House.

### Oofy Goofy Gets Tired.

"Oofy Goofy," the wild man, who started to trundle a wheelbarrow to New York, got as far as Martinez, where he called the voyage off and sold his barrow at auction for \$5.

—No amount of criticism or ridicule is likely to have any perceptible defect on the enervating and disgusting habit of cigarette smoking; the reason being that nine-tenths of those addicted to this habit are not possessed of sufficient comprehension to appreciate either.

### SELLS' CIRCUS.

Said to be the Grandest Combination of Shows Ever Given Under One Canvas.

Sells' circus, now en route for the Pacific Slope, will arrive here August 6, and give an afternoon and evening performance. The St. Louis and Chicago papers pronounce it the grandest combination of shows that ever took the road, not excepting Barnum's.

The stud comprises 150 thoroughbred horses select from the flower of the blue grass region of Kentucky, and includes a number of full blooded Arabian chargers, procured from the Khedive's imperial stables.

The arena performance is on a scale of grandeur never before attempted. To witness the entrance of the cavalcade of knights in full armor, accompanied by Amazons composed of the queens of the equestrian ring, is alone worth the price of admission, and carries the spectator back to the days of chivalry.

The menagerie contains unique specimens of wild beasts procured from the forests of Africa, the jungles of India and the polar regions. Among these is the lion-killer, the only animal on the face of the earth before which the monarch of the forest quails.

A perusal of the double column announcement published today in the advertising columns of the APPEAL will convince the reader that Sells' is beyond doubt the grandest combination of shows, menagerie and circus ever given under one canvas.

### BISHOP WHITAKER ACCEPTS.

He Will go to Pennsylvania in October.

Special to the APPEAL.] PHILADELPHIA, July 22.—The news which has just reached here of the acceptance by the Bishop of Nevada of the position of Assistant Bishop of the Diocese of Pennsylvania gives universal satisfaction. There is but one sentiment on the part of the clergy and laity as to the providential direction both of the election and acceptance. The few who voted against him, not from personal objection to the Bishop but from party pledges, will cordially unite in receiving him, and several of the leaders have urged him to come notwithstanding their ballot.

He will reach Philadelphia and assume his new position, which will be the second in the Church in the United States, after the General Convention in October.

### Look at the List.

We want every voter in this county (who has listened to the frothings on the streets of men who assert that the Republicans want to see the steam laundry closed) to inspect the list of delinquent assessments published in another column.

Most of these names are Democrats. The Republicans who bought stock in the laundry paid their assessments and propose to keep right on paying them for the next ten years if necessary.

### To The Afflicted.

Dr. Freeman the expert specialist from San Francisco, will be at the Arlington Hotel, Carson, Friday July 23rd, 24th, 25th and 26th, fully prepared to treat paralysis, club or reel feet, crooked or curved spine, hip, and diseases of the knees, also all chronic diseases, such as troubles of the eye, ear, deafness and discharge of the ear, catarrh, throat and lung troubles. No charge for consultation.

### Parson Kelly.

Parson Kelly who several years ago was Schoolmaster General of Nevada paid the APPEAL a visit yesterday. He has changed but little in several years and is the same clerical six pence as ever. He is now located in Pennsylvania and doing journalistic work in Philadelphia. He left for San Francisco last night to attend the G. A. R. Encampment.

—If you want bargains go to E. B. Rail's. He has just received a large stock of crockery, silver and plated ware, glassware, fruit jars and jelly glasses, bird cages, lamps and new burners, ice cream freezers, garden hose, pumps, lawn mowers, wagons, header gears, buckboards, carts, &c., reapers, mowers, &c., and extras. Call and get prices.

## FIRESIDE SHOPPING.

DECIDEDLY important are the facilities afforded out-of-town customers by our Mail Order Department. Mail shopping is now a perfect system, and customers in distant parts of the Coast receive the same careful attention to requests for samples and orders for goods as though present in Sacramento to be served at our counters.

No one who has failed to try it knows what convenience this is to the public. Instead of being obliged to make a trip to town, or to annoy some city friend with your shopping, a few lines to us will bring the goods desired in prompt return.

In sending directly to us no obligation is incurred, and if goods do not suit they can be returned.

The cost of postage, freight or express charges is the only extra expense, and amounts to but little as compared with the saving usually made in buying from us.

Customers are served, in fact, even more carefully by mail than those who shop in person, as we consider ourselves responsible, not only for the quality, but also the suitability of the goods.

Orders for Hardware, Groceries and such other lines of goods as we do not keep, are purchased on the outside as an accommodation to customers.

A large Illustrated Catalogue, together with any samples that may be desired, sent free to any address.
